

Informed parents are empowered parents. Our parent engagement app, Waterford Mentor, connects home and school in effective and meaningful ways. Available on both mobile and desktop.

Parents Get:

Updates on goals and progress
Messages via push notification
Recommendations for at-home learning

Educators Get:

Informed and empowered parents
Simple communication
Enhanced student learning

PARENT INVOLVEMENT IMPACTS STUDENT SUCCESS

Waterford Mentor keeps parents involved with their student's progress with Waterford programs. It fosters an at-home learning environment and connects parents and educators, ultimately benefiting students at school and at home.

Keep Parents Aware of Progress

Goal tracking on the Dashboard Tab keeps parents informed so they know how best to support their child's learning.

Empower Parent Collaboration

The Resources and Activities Tab (available on the desktop app) empowers parents to reinforce the concepts and skills their child works on at school.

Celebrate Student Success

On the Achievements Tab, parents see student achievements so they can encourage and celebrate their child's successes.

Encourage a Learning Environment at Home

In the Messages Tab, you'll receive messages recommending simple at-home activities focused on both academic and social-emotional learning.

Why Use Waterford Mentor?

Waterford Mentor keeps parents and educators connected.

Parent involvement is crucial for student success. When families encourage learning at home, students are often more successful.

The Achievements Tab

Shows your child's achievements so you can celebrate their successes!

The Usage Tab

Keeps you aware of your child's progress and the time they've spent on each Waterford program.

Messages Tab

Encourages a learning environment at home. We'll send you messages that recommend simple activities for you and your child to do together. These are focused on both academic and social-emotional learning.
